Technology

The Advantium uses power from high intensity halogen lamps, a ceramic heater, a convection system and microwaves to cook food from the top, bottom and interior simultaneously to seal in moisture and flavor. When using the pre-set menu foods, the power levels are already selected for you.

Owner's Manual

Advantium technology harnesses the power of light. The outside of the food is cooked like a conventional oven, with radiant heat produced by halogen bulbs above and below the food. This halogen-produced heat receives a boost of microwave energy. The result? Foods brown and cook evenly and fast, while retaining their natural moisture.

The metal tray that comes with your Advantium can be used as a shallow baking sheet. Ensure consistent and even browning by arranging food on the metal trays as shown below. Foods can touch but should not overlap. You can also use your own cookware in the Advantium oven. Make sure you use the correct cookware for the type of cooking you are attempting.
