Imperial Roman Warships 27 BC-193 AD by Raffaele D'Amato ...

Imperial Roman Warships 27 BC-193 AD. Raffaele D'Amato, Giuseppe Rava. The Roman Empire was not only built by the strength of the legions but also by a Navy that was the most powerful maritime force ever to have existed. It was only the existence of the fleet that secured the trade routes and maintained the communications within the huge Empire. At the height of its power the Roman Navy employed tens of thousands of sailors, marines and craftsmen, coming from every corner of the three ...

Indeed the Roman Navy is best known in its struggle against Carthage and its role during the civil wars. But as with most things about the Republican armed forces, it did not represent the true Roman navy. This title sheds some light on how the Imperial Fleet built the Roman Empire, and the tactics and equipment it used to do so.
