David Suzuki, the Canadian enviromentalist, even states that the world needs a "die-off of Biblical proportions" (except him, of course). No, what Christians in particular need, is to think about population biblically. Calvin Beisner does just that. His biblical conclusion is that population growth is a blessing and not a curse.

### **Prospects for Growth: A Biblical View of Population ...**

"Calvin Beisner ably debunks the modern mythology surrounding the questions of human responsibility and environmental resources while constructing a sane and biblical alternative. Prospects for Growth makes a valuable contribution."

### **Prospects for Growth: A Biblical View of Population ...**

Prospects for Growth provides a welcome antidote for both the doomsayers who would wreck the economy and the tree-huggers who would have us worship the earth. In Beisner's view, the most fundamental problem is theological: "Theology, in all its departments, supplies the guiding principles by which to answer all the pragmatic problems of political economy."

According to the Bible, the Christian lives to please God. It is only as the desire to please God moves into the center of the Christian's life, of the church's life, that growth will take place. You see, again here, you have the idea of growth. He says "as in fact you are living," do this "more and more".
